# Green Skills 4 Future: genesis & globers

Two-stage project designed to equip youth workers with the knowledge and tools to inspire young people in adopting sustainable practices and exploring green careers

# About the project

**In a world striving for sustainability, green jobs are at the heart of the European Green Deal. They enhance efficiency, reduce emissions, preserve ecosystems, and guide us toward climate resilience.**

**Green Skills 4 Future is a two-stage international project which invites youth workers to explore how they can inspire the younger generation to embrace eco-friendly choices. Through a journey of learning, we aim to equip them with the knowledge and tools needed to guide youth in adopting green practices.**

**The project's core goals focus on introducing youth workers to the green economy, helping them understand its significance for our future. During the second stage, we will deepen this understanding through study visits and hands-on activities, connecting with local youth to grow these green skills together.**

# Word From Trainers

Infopack: g

I've been studying and working in the field of sustainability and ecology for a few years. I am committed with educating and empowering others on sustainable practices, that's how this project was created.

- Velizara

I'm excited to be a co-trainer in this project centered around sustainability. My goal is to make learning about global issues like climate change engaging for young minds. By offering simple do-it-yourself solutions, I hope to show them how easy it is to make a big difference in our world every day.

- Linda

# Participant profile

A photograph of a group of people in a workshop or meeting. In the foreground, a man with glasses and a beard, wearing a light blue long-sleeved shirt, is smiling and looking towards the right. Behind him, another man with dark hair is looking down at a document. To the right, a man with short dark hair, wearing a dark grey t-shirt, is seen from the back, also looking at the document. The background shows a room with wooden beams and skylights, suggesting a modern, open-plan space.

# Financial Contribution

Financial contribution of selected participants is 50 EUR (1 200 CZK) for each stage. It will be paid on the stage in cash (EUR/CZK).

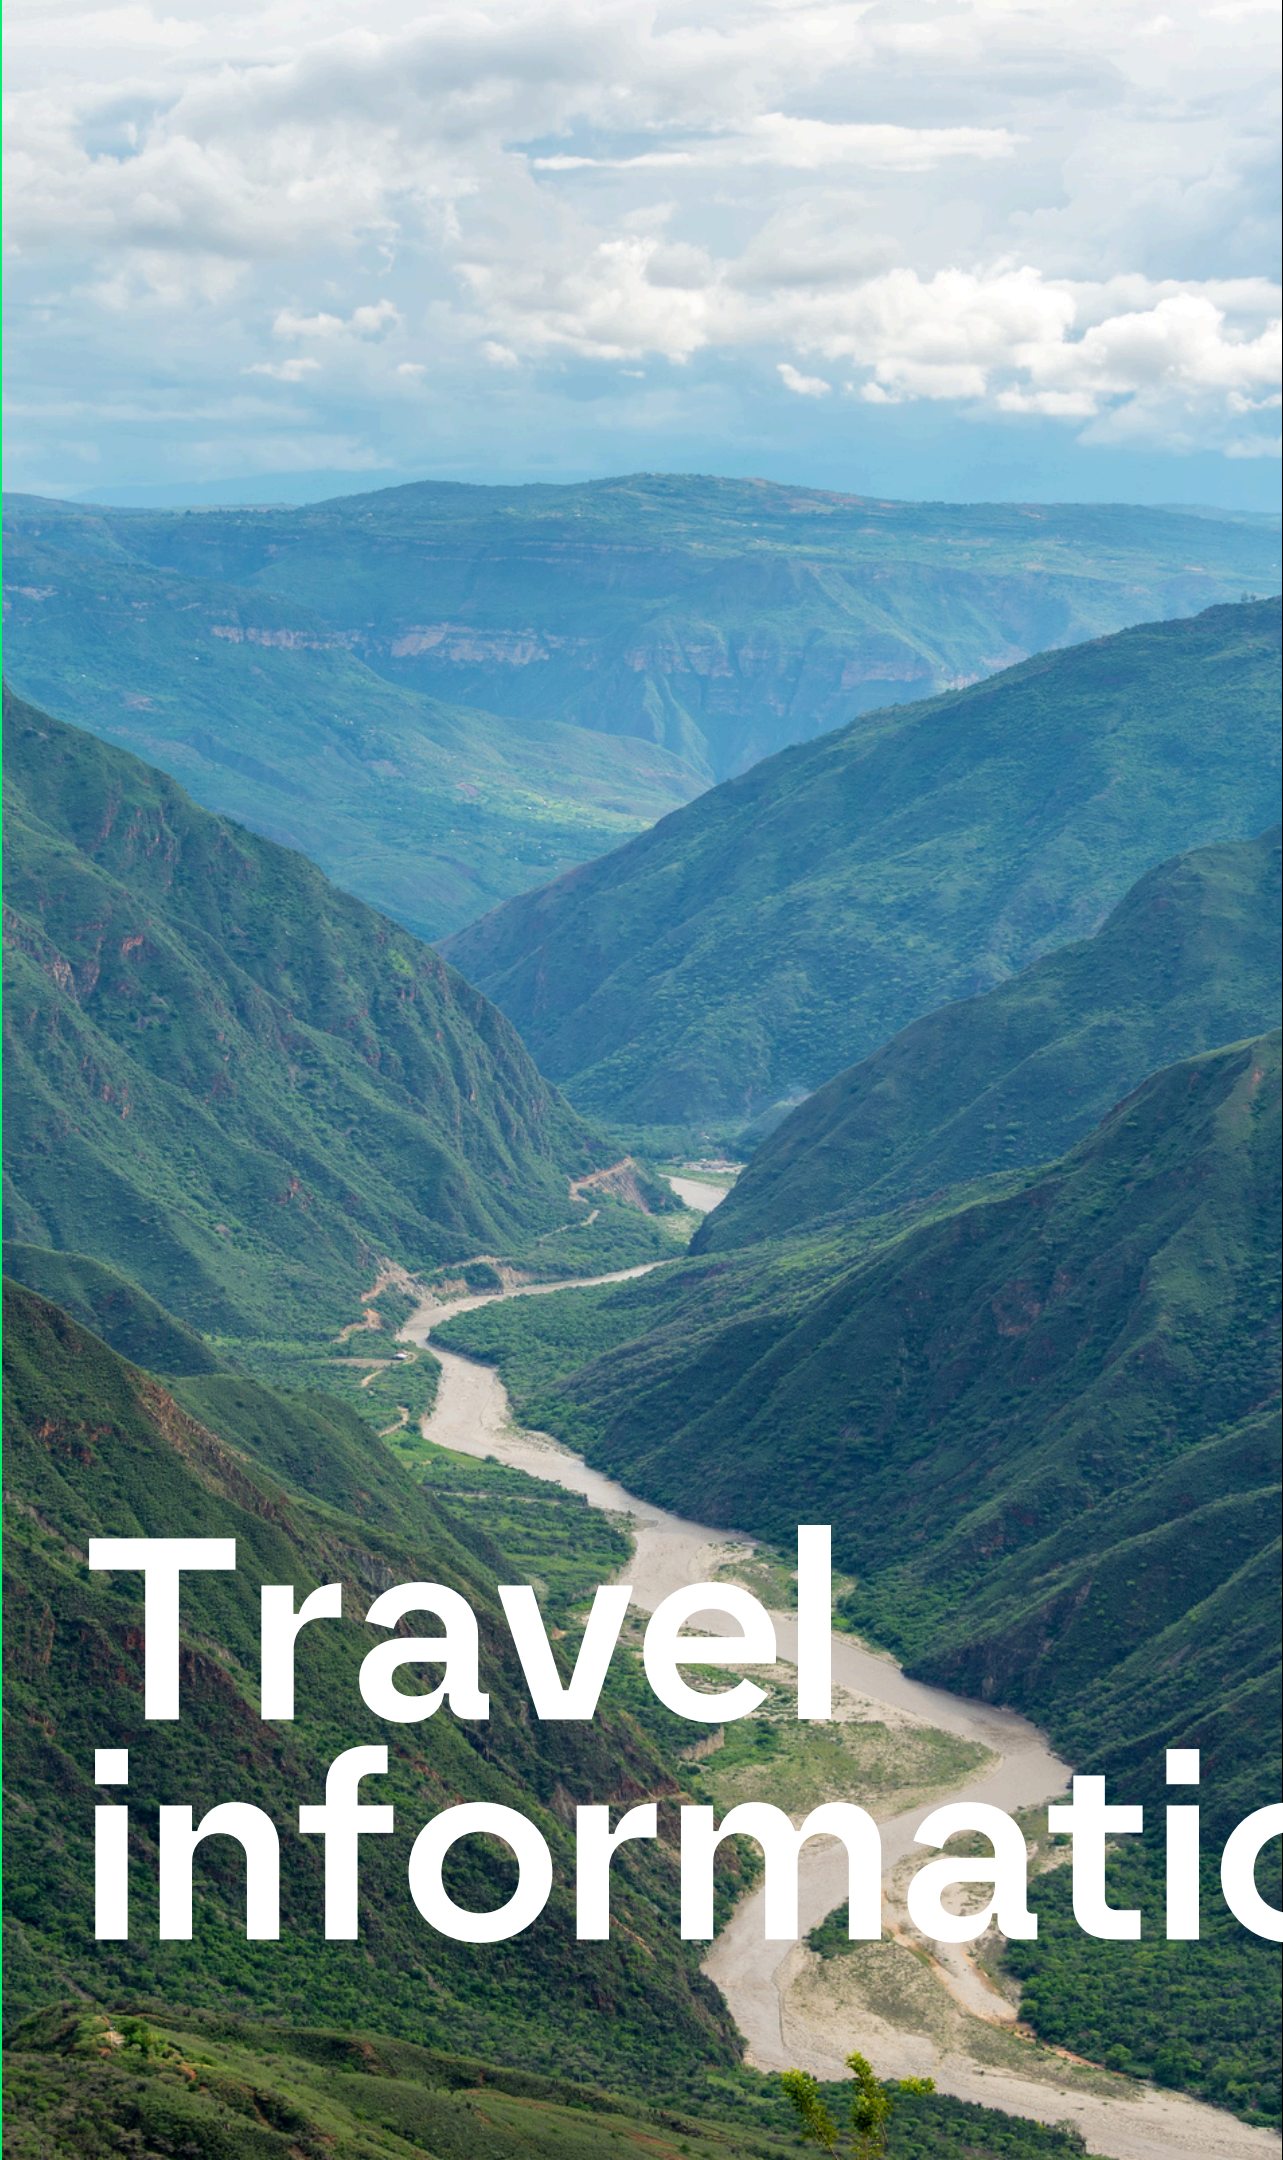

Don't worry about the basics! We've got you covered with program, accommodation, transportation, and meals thanks to the Erasmus+ program. Travel costs will be reimbursed for the most affordable and direct way to get to the project. Check out the travel budget chart for specific amounts.

JUST ONE THING TO KEEP IN MIND: MAKE SURE YOU HAVE TRAVEL HEALTH INSURANCE.
